28 <sup>th</sup>	P. Philippon	11:30 – 13:00	Hall: 326

**Hall ARK: Alladi Ramakrishnan Hall on 4th Floor**

**Hall 123: Lecture Hall on Ground Floor**

**Hall 326: Lecture Hall on Third Floor**

SPEAKER	TITLE
Y. V. Nesterenko	Transcendental number theory: Elimination theory, linear independence and algebraic independence and irrationality of zeta values.
P. Philippon	Some aspects of Mahler's method in transcendence theory
