

Friday, 25 February 2022 | 1600 – 1700 IST

Venue: Ramanujan Auditorium, IMSc, Chennai

Livestream:  [matsciencechannel](https://www.youtube.com/channel/UCmatsciencechannel)

## Snippets from History of Science in Ancient India

Prof. T.R. Govindarajan (IMSc, Chennai)

Science in ancient India was the story of several achievements and failures too. I will sketch a few of these in Astronomy, Mathematics and Archaeology. I will present some unsolved questions in our understanding too. I will end with some discussions on what we gave the outside world and what we learnt.
