MATHEMATICS OUTREACH PROGRAMMES

August 2014 – July 2015

Enriching Mathematics Education

2-day workshop for mathematics teachers of classes XI and XII

Dates - 16th & 17th October 2014

Time - 9 a.m - 5 p.m

Venue - Ramanujan Auditorium, IMSc

This is the third year running that such a workshop is being held. The broad goal of these annual workshops is to bring research mathematicians and school teachers together in an effort to enrich mathematics education in schools. Activities planned include lectures on school level mathematics from alternate perspectives, talks on pedagogy, and discussions related to the teaching and learning of mathematics. Up to date details are available on the webpage of the workshop:

<http://www.imsc.res.in/~knr/eme14/>

School principals (or their representatives) are requested to nominate teachers from their school to participate in the workshop. There is no limit on the number of nominations from any one school. The names of the nominated teachers along with the full name and address of the school may please be sent by email to

maths.outreach.imsc@gmail.com by **Tuesday 14th October.**

We request that the individual email addresses of the nominated teachers be included (if available) in the email to facilitate effective dissemination of details of the workshop.

Interested teachers are welcome to independently nominate themselves by sending email to the above address.

Selection will be mostly on a first-come-first-served basis. The list of selected names will be updated from time to time on the webpage of the workshop (address as above).

The workshop is free. Lunch and snacks will be provided to all participants free of cost. A small travel allowance will also be paid. Certificates of participation will be issued.

For details of other mathematics outreach activities of IMSc, follow the links at
